Report Description

Semester Census Enrollment Comparative Report using the Frozen Census After Start Data Snapshot

PLEASE NOTE that running this report for terms prior to 2023FA may result in mismatches when compared to the official reports that were run on the day of census due to changes made to the term enrollment universe structure regarding:

- 1) change in logic to account for UG students taking only GR courses and vice versa and the student's derived academic level and primary academic level
- 2) change in program sorting order logic (U... student type will always have UG program as primary; G... student type will always have GR program as primary)
- 3) modification in report to look at student type for term instead of student type

Please contact Tim Seitz for official pdf copies of older reports and only run this report for 2023FA+

This report mirrors the Registration & Records semester Enrollment Report for fall and spring, based off census data.

Modified on 8/24/23 to change sort order to accommodate new programs.

Report Definitions tab updated on 1/22/24 to account for changes in logic that may affect terms prior to 2023FA.

Modified on 7/10/24 to include current term and prior term breakdowns by new/returning status (mirrors the Enrollment by Type report tab). For all report tabs, pulled post bacc nursing out of the AT&MS totals so they are their own group.

Updated the New & Returning Enrollment report tab query for UB3 students so they aren't included as new when they begin the GR portion of their schoolwork.

Data Definitions

Snapshot Name: Point in time that the report data is from. If this is in the future, data is as of the last refresh from Colleague.

Frozen Census After Start Snapshot: This snapshot is taken at the end of the 14th day after the start of the term (counting the first day of term as day 1) due to the timing of the ODS nightly refresh. This is the day prior to the census date on the RYAT screen in Colleague (TERM.CENSUS.DATES 2nd position). On the 14th day, the complete ODS refresh begins at 9PM and generally finishes around 10:30PM. Additionally, an enrollment-based (i.e. term status, course enrollment) refresh occurs at 12:00AM (start of the 15th day) and finishes around 12:30AM.

Enrollment Term: Term from Colleague.

Full-time Part-time Flag:

- Undergraduate students (includes UG taking GR courses) registered for <12 credit hours are PT
- Undergraduate students (includes UG taking GR courses) registered for 12+ credit hours are FT
- Graduate students registered for <6 credit hours are PT
- Graduate students registered for 6+ credit hours are FT
- (Alumni audit students are always PT)

Gender – Gender of student

Seats – Sum of Registered Course Sections

Total Cred – Sum of Registered Credits

Students are considered new when they are new to an academic level (UG/GR) at BW, not new to a program at that same level (i.e. if a student graduates from a UG program at BW and then enrolls as a post-bacc nursing student (UNR student type), the student will not be considered new as their academic level is still UG).

Please note that the 'Cur Term Breakdown' and 'Prior Term Breakdown' report tabs are breaking the students into 2 buckets: new and continuing. For these reports, a student is considered new if current student type start term = enrollment term, else continuing. The 'New & Re-Admitted Enrollment' report tab is only pulling new and "re-admitted" students. For this report, a student is considered new if current student type start term = enrollment term. The "re-admitted" students are students with an active enrollment status that begins with "R..." and current application start term = enrollment term. Students have to re-apply if they have been gone from BW for more than 1 year and are then given an R... active enrollment status.

FTE Calculation= Follows the CDS formula (full time students) + (part time students/3); exclusions alumni audit, PA, & study abroad only students (only available in fall)
